

Dozer Carrier Roller

As a professional China Dozer Carrier Roller manufacturers and suppliers, Shengan Mechinery has its own brands and factory. Customized Dozer Carrier Roller made in China can be bought at low price. We have 630-2500-ton casting equipment, automatic multi-station cold heading machine, CNC machine tool, five sets of 1.5-ton medium frequency furnace for casting steel, medium frequency machine, controlled atmosphere pit

furnace, automatic heat-treated mesh belt furnace, high-precision imported mold processing equipment and self-developed CNC boring machine as well as high-end laboratories, which pave a solid foundation for the product quality.

Product Description

Fujiansheng Shengan Mechinery Development co.,Ltd is a large scale bulldozer and excavator undercarriage parts manufacturer and supplier in China--dozer carrier roller. It has been established over 35 years. High quality Dozer Carrier Roller can be customized with best price from our factory. If you are interested in our discount Dozer Carrier Roller. For more information, please contact us, we will give you our quotation asap.

We have professional heat treatment facilities to provide high quality products, short delivery time and the best service for our customers. Our factory mainly produces track roller, carrier roller, sprocket, front idler, track chain, bucket, swamp track shoe and etc. Our products have been recognized and supported by customers in many countries. We often participate in exhibitions.

Choose us and we will bring you professional products and excellent service

Fujainsheng Shengan Mechinery Development Co., ltd.

Dozer carrier roller is made of shell, bronze bushing, collar, seal, lock pin, plug, shaft. It is made by forging, machining, heat treatment, assembly, painting etc. The quality and working life for dozer carrier roller is depends on the quality of raw steels, the hardness of rail surface, the depth of hardness layer, the quality of seal group etc.

| Dozer Carrier Roller Parameter (Specification) | | | | | | | |
|--|-----------------------------|--|--|--|--|--|--|
| Model Name | Dozer carrier roller | | | | | | |
| Part number | D50 | | | | | | |
| Material | 50Mn | | | | | | |
| Color | Black or Yellow | | | | | | |
| Surface Hardness | HRC48-55 | | | | | | |
| Application | Crawler bulldozer | | | | | | |
| Warranty time | 1000 hour | | | | | | |
| Technique | Forging&Casting | | | | | | |
| Usage | Crawler track chain machine | | | | | | |
| Application | bulldozer parts | | | | | | |

Dozer Carrier Roller Details

The dozer carrier roller, which is also called upper roller or top roller, is one part of undercarriage parts for crawler heavy equipment such as excavator, bulldozer. The function is to hold the crawler up, so that the crawler has a certain degree of tension.
